I. CALC Campus Crime and Security Annual Report

The crime statistics contained in this report are provided in compliance with the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act" formerly known as the Crime Awareness and Campus Security Act of 1990. This report includes statistics for the previous three years concerning reported crimes that occurred on campus and on public property within or immediately adjacent to and accessible from each campus. This report is prepared in cooperation with local law enforcement agencies surrounding our main campus and extension campuses.

The annual report also includes institutional policies concerning campus security, such as policies concerning sexual assault and other matters. The institution's annual report and security policies may be viewed online at https://calc.edu/wp-content/uploads/calc_crime_security_report.pdf

Pursuant to the Clery Act, Violence Against Women Act ("VAWA") amendments to the Clery Act, and the Higher Education Opportunity Act ("HEOA"), CALC has published this document to provide students, faculty, and staff members with an overview of CALC's resources, policies and procedures regarding safety and security at our campus, along with campus crime statistics.

The report and statistics are updated and notice of its availability is sent to active students and current staff by October 1st of each year. New students and staff receive notification during orientation. A paper copy of the report may be obtained upon request from: titleix@calc.edu or mail to: CALC Institute of Technology, Attn. Compliance Officer, 200 North Center Dr., Suite A, Alton, IL 62002. Phone: 618-474-0616 Fax 618-474-0615. A hard copy of this report is available for viewing in the Compliance office.

II. Campus Security Coordination Policy

As required by Public Law 101-542, as amended by Public Law 102-325, Title II, Crime Awareness and Campus Security Act of 1990, Section 294, Policy and Statistical Disclosures, CALC Institute of Technology has implemented the following policies regarding campus security:

Students, faculty, staff and guests are encouraged to report all crimes and public safety related incidents in a timely manner.

Individuals encountering emergency situations on campus are instructed to call local Emergency "911" and to notify CALC Staff immediately. CALC encourages all students and employees to report criminal incidents or other emergencies that occur on the campus directly to the Title IX coordinator. Non-emergency situations may also be reported so that CALC Staff may contact the local authorities (Alton Police Department 618/463-3505, O'Fallon Police Department 618/624-4516, St. Louis County Police Department 314/889-2341).

Students are responsible for their own security and safety both on campus and off campus and must be considerate of the security and safety of others. CALC has no responsibility or obligation for any personal belongings that are lost, stolen or damaged, whether on or off campus premises or during any school activities.

Emergency Notifications and Timely Warnings
Anyone with information warranting an emergency notification or timely warning should report the circumstances to the Director, Kyle Ritchie, MSN, Compliance Officer, Megan Ulrich or CALC staff in person or by phone (618/474-0616 ext 206).

In the event that a situation arises either on or off campus, that, in the judgment of the institution, constitutes an ongoing or continuing threat, a campus wide warning will be issued. Depending on the particular circumstances of the situation, the warning will be communicated personally to CALC staff and students. A notice may also be posted in the classrooms. In situations wherein notification to the community is applicable, the compliance office will be responsible for disseminating the information to the larger community.

An institution may, in appropriate circumstances, include personally identifiable information in a timely warning. Although personally identifiable information is generally protected from disclosure under FERPA, such information may be released in an emergency situation.

Confidential Reporting:
If you are the victim of a crime and do not want to pursue action within the criminal justice system, you may still want to consider making a confidential report. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With your permission a designee can file a report on the details of the incident without revealing your identity. With such information, CALC can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

Campus Access, Security and Law Enforcement:
During business hours, CALC will be open to students, employees, contractors, guests and invitees. During non-business hours access to all facilities are limited to contractors, faculty and staff by key, if issued. CALC does not have any campus residences nor security personnel. Criminal incidents are referred to the local police.

Campus Security Authority

Campus Security Authority (CSA), as defined by the *Clery Act*, have an obligation to report allegations of *Clery Act* defined crimes that they conclude are made in good faith. These crime allegations are reported to appropriate authorities inside CALC or to local law enforcement. A CSA would be an official or an institution who has significant responsibility for student and campus activities and any individual specified as a member of the CSA. The following individuals are a part of the CSA:

Title IX/Compliance Officer: Beth Schnaak 200 North Center Dr., Ste. A, Alton, IL 62002 Phone: 618-474-0616, x207 Fax: 618-474-0615 Email: titleix@calc.edu	School Director: Kyle Ritchie, RN 200 North Center Dr., Ste. A, Alton, IL 62002 Phone: 618-474-0616 Fax: 618-474-0615 Email: alton@calc.edu

Off-Campus Conduct

CALC students must abide by the same protocol and school policies while attending clinical, internship assignments, and/or any off-campus internships or events as if they were attending on-campus activities. If a violation of law occurs at an off-campus event, the faculty or staff member will immediately inform the CSA and involve local law enforcement officials at the site where the infraction occurred.

III. Emergency Response & Evacuation Plan

Significant emergencies and/or dangerous situations involving an immediate threat to the health of safety of students or employees on campus should be reported to the Director or a staff member in person or by phone immediately (618-474-0616). If the situation requires emergency assistance, the instructor or staff member is instructed to also summon appropriate authorities by dialing 911.

The institution will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate a campus wide warning. Depending on the particular circumstances of the situation, the warning will be communicated personally to CALC staff and students. (Unless the notification will, in the professional judgment of the Director, compromise efforts to assist complainants or to contain, respond to, or otherwise mitigate the emergency.)

Emergency and evacuation procedures are reviewed with students during new student orientation. During orientation, students review the Institution's "Health and Safety Plan," which outlines emergency and evacuation procedures. An emergency evacuation drill is performed in the classrooms annually by the instructors.

IV. Security Lockdown/Shelter-In-Place Policy

A. Objective

The objective is to outline the systems, methods and behaviors needed to insure the protection and safety of student, staff, and visitors to CALC, Institute of Technology, during a crisis or emergency.

B. Scope

This policy applies to students, staff and all others who may be on the premises of CALC, Institute of Technology at the time an emergency or crisis is deemed to be in effect.

C. Event Procedures - (Interior Threat or Exterior Threat)

Lockdown - Intruder, potential intruder, active shooter or threat inside or outside of building.
Authority to Initiate: staff, public, law enforcement, fire, and emergency manger.
Immediate action: Activate notification system; call 9-1-1
Protective measures:

- Check immediately adjacent halls for students
- Close and lock interior doors and windows
- Move students to safe corner to reduce visibility
- Turn off lights (including computer monitors)
- Verify attendance
- Activate signaling system

- Remain in position until all clear and notified by law enforcement, fire, emergency manager, director or designee.

Shelter-in-place - Hazardous material or chemical incident outside of building.
Authority to Initiate: Fire, law enforcement, emergency manager, staff, public
Immediate Action: Notification will come from emergency responder or administrator, activate notification system, call 9-1-1
Protective measures:

- Close and lock exterior doors and windows (NO entrance or exit)
- Shut down air handling system/HVAC
- Ensure students and staff in safe area
- Verify attendance
- Remain in position until all clear and notified by law enforcement, fire, emergency manager, director or designee

D. Notification System

A verbal alert is utilized when time is of the essence. "Plain language" will be used to activate lockdown/shelter-in-place policies. Using code words, color signals or unusual electronic alarms may cause confusion and loss of valuable time for substitute staff or building visitors who don't understand the type of emergency being announced.

E. All Clear

Instructors/staff are not to open any door or window under any circumstances until uniformed fire or law enforcement personnel, or a recognized staff member or designee authorizes the "all clear". Instructor/staff members may open a locked door to allow entry by a student only if they have a belief, it is safe to do so for those students already inside. If during a lockdown situation an evacuation notification or fire alarm is activated, it is advisable to remain in lockdown mode unless there is a physical indication of a fire or other evacuation type hazard (i.e., smoke, strong chemical odor etc.). The staff person/instructor in charge of the lockdown room is to use their best judgment in these situations.

F. Communications

It is strongly urged that all instructors/staff always keep a working cell phone on their person. In times of emergency, additional orders, clarification of circumstances and aid to emergency personnel can quickly and easily be given. During an emergency, private calls and calls to emergency personnel not of immediate dire consequences should not be made. Please leave your line clear for communications needed to immediately end the emergency or getting lockdown persons away from the scene.

V. Crime Prevention & Security Awareness Programs

CALC, Institute of Technology provides information to students, faculty and staff on crime awareness, prevention, and campus security during orientation, and encourages them to be responsible for their own safety and the safety of others. During both the new student and employee orientation process, students and employees receive information on campus security policies and procedures, suggestions on how to

avoid becoming a crime victim, evacuation plans, and procedures for reporting any criminal activity or emergency. Students and employees are encouraged to be aware of their responsibility for their own security and the security of others.

A. Crime Prevention Safety Tips

Prevention efforts can be effective in reducing the opportunities for criminal activity. Prevention is your best protection against crime. Here are some precautions you can take to assure greater security.

On Campus:

- Do not prop open building doors on campus.
- Do not leave personal property unattended.
- Report suspicious individuals to a staff member.
- At night, always walk outside in groups of at least two.
- Remove valuables from your car and lock it.
- Be aware of your surroundings and what is going on around you.

At Home:

- Leave at least one light on, inside and out when you are away. If possible, use a timer to turn lights on and off.
- Keep your doors and windows locked, even if you are at home, and even if you leave for a few minutes.
- NEVER open the door without knowing who is there. Require callers to identify themselves satisfactorily. Use a chain bolt, if possible, when checking ID. If a stranger asks to use a phone, DO NOT PERMIT THEM TO ENTER. Make the call for that person if you believe it, is an actual emergency.
- Keep in touch with your neighbors. Watch each other's home or apartments and let each other know of anything suspicious.
- Don't give out personal information such as your address. Report threatening or harassing calls to the police or phone company.

When Walking:

- Plan the safest route to your destination and use it. Choose well-lighted busy pathways and streets, avoiding alleys, vacant lots, or construction sites. Take a longer way if it's safer.
- Know your neighborhood and the campus. Find out when local businesses are open and where you can go to summon help if needed.
- Carry your purse close to your body and keep a firm grip on it. Carry a wallet in an inside coat or side trouser pocket, not in the rear trouser pocket.
- Don't flaunt expensive jewelry, clothing, or "flash" cash.
- Have your car or house key in hand and ready as you approach your vehicle or home.
- Never hitchhike.

While Traveling:

- Keep doors locked and windows rolled up, especially at stop lights. Always lock your car and take the keys. Keep valuables out of sight in the trunk. Park in areas that will be well lit when you return. Check the back seat and the area around the car before getting in.
- Car Trouble – Raise the hood. Put on emergency flashers. Stay inside the car and lock the doors. Ask anyone who stops to help call the police or the nearest service station for you.
- On public transportation – Wait in well-lit areas near other people. If someone bothers you, move to a more populated area of the bus or train.

B. Responding to an Attack

In any situation, your goal is to get away with the least injury to yourself. If an attacker only wants your valuables, give them up. Valuables can be replaced; your life can't. Notify local police immediately.

Community Resources

Resources and contacts for trained off-campus advocates and counselors in the local community are available to provide immediate confidential response in a crisis situation and offer intervention services and counseling.
